Cisco Wireless Solutions Extend Corporate Network ...

We install two types of wireless network solutions: Point to point (PTP) wireless creates a wireless high speed bridge over two fixed sites. This is useful as it requires minimal time to set up and is usually a fraction of the cost of running a fibre link. Wireless local area network (WLAN) or Wireless Access Point is commonly referred to as WiFi. It is a means for wireless enabled devices such as laptops, tablets and smart phones to connect to the network or the internet.
