Four Corners is a teaching strategy that provides students with the opportunity to discuss controversial topics. The teacher asks students a question or provides a debatable statement. Students then express their opinion to the topic by moving into groups with students who have similar opinions. How to Implement this Strategy

Four Corners - A Teaching Strategy | Book Units Teacher

In each of the four corners of the classroom, an opinion or response is posted. Students express their opinion or response by standing in front of one of four statements, and then talking to others about why they have chosen their corner. Four Corners promotes listening, verbal communication, critical thinking, and decision-making. ESC Region 13

Typically, the four corners are used to represent A, B, C, or D. Additional spaces in the room could work to represent other feedback ratings, such as “strongly agree” down to “strongly disagree.” Teachers ask or post questions and observe where students physically move around the room to know how to tailor instruction.

5 Formative Assessments Ideas For Teachers - Classcraft Blog

The four corners strategy can be used as an exit or follow-through activity. For example, math teachers can find out if students now know how to find slope. Four Corners can also be used as a pre-writing activity. It can be used as a
