## **Handbook of Local Anesthesia - 9780323074131**

Local anesthesia has been defined as loss of sensation in a circumscribed area of the body caused by depression of excitation in nerve endings or inhibition of the conduction process in peripheral nerves.1An important feature of local anesthesia is that it produces this loss of sensation without inducing loss of consciousness.

## **Handbook of Local Anesthesia iii - Files Service**

Perhaps that is why I cannot believe there is already a fifth edition of Handbook of Local Anesthesia, but there is. Stanley Malamed's newest revision of his classic and reference text is not merely a reissue of age-worn materials but, in my mind, is the best iteration of the text since the first edition was released over 25 years ago.
