Projects | DHS Geometry

Using Hands-On Inquiry in High School Geometry The main reason that High School Geometry is my favorite course to teach is that it lends itself so well to inquiry-based learning. Before introducing each property, let your class work in pairs to discover the rule for themselves.

Using Hands-On Inquiry in High School Geometry

For example, instead of there being an Honors Geometry course and a regular Geometry course, we mixed all students together so there was just one type of Geometry course that every Geometry student took. There's a catch though: any of these Geometry students may earn Honors credit for the course, as long as the student does X, Y, and Z.
