“Knowledge to Practice
is driven by mission,
not industry
sponsorship. For me,
that is very important.
When the mission
matches the content
and the format, it truly
becomes
transformative.”

Biykem Bozkurt, MD,
PhD

And Practice The
to the extant KM
literature by offering a
theoretically grounded
discussion of the
concept of power
beyond the prevailing
resource-based view. It
also provides empirical
illustrations of the
application of
Foucault's
power/knowledge lens
in KM research and
practice.

Power/Knowledge For
Foucault, power and
knowledge are not
seen as independent
entities but are
inextricably
related—knowledge is
always an exercise of
power and power
always a function of
knowledge. Perhaps his
most famous example
of a practice of
power/knowledge is
that of the confession,
as outlined in History

Knowledge Power The control of information is something the elite always does, particularly in a despotic form of government.

Information, knowledge, is power. If you can control information, you can control people.
