Nissan Frontier Service Engine Light

A check engine light can indicate a broad spectrum of problems with your 2009 Nissan Frontier. In some cases you need to pull over immediately to prevent damage while in others you merely need to tighten you gas cap next time you stop in order to reset the service engine soon light.

Engine Light Is On: 2005-2019 Nissan Frontier - What to Do ...

Your Nissan vehicle comes equipped with a service light which reads "service engine soon." This light warns you that there is a problem with the vehicle's emissions control system. This system is very important as it regulates and controls the air to fuel ratio as well as a number of other vehicle functions. A free diagnostic scan can be done to diagnose the problem at most auto parts stores.

How to Reset the Service Engine Soon Light on My Nissan ...

The service engine soon light is often mistaken for the check engine light. The check engine light is a light to warn you to a possible issue with your exhaust system or emissions system. The service engine soon light can come on for minor issues like a loose gas cap, or for more major problems such as possible engine failure. Your Service Engine Soon Light Should Not Cause You to Panic. The light does say service engine soon, but you may not necessarily have to make any major repairs soon.
