Scaling a business means setting the stage to enable and support growth in your company. It means having the ability to grow without being hampered. It requires planning, some funding and the right systems, staff, processes, technology and partners. Here are five critical steps to scaling your business: Evaluate and Plan. Take a hard look ...

How to Scale a Business | SCORE

—Business Wire, 15 August 2016. Watch for scale to be used this way in discussions of things like vacation plans, turn-out-the-vote efforts, and exercise routines: that's when we'll know that we're seeing a real evolution in the everyday use of this word. At that point, you won't have to weigh whether or not to use it.
