Read PDF The Body Language Of Liars From Little **Of Liars**

Body Language of a Liar. When interpreting the body language of a liar, you should rely on signs that are not under his cautious control, for example, gestures and signs that happen automatically. In the liar's case, the least reliable signs are the those that he has the most control over, like his words or exposing his palms; exposing palms

This occurs because the muscles in the throat systematically tighten up and relax, tighten up and relax, resulting in the tremulous, shaky tone. In contrast, with a creaky tone, the throat muscles don't relax at all. This alternating tightening and relaxing of the vocal muscles can be an indication of deception.

THE BODY LANGUAGE OF LIARS - 1.droppdf.com

Repetition, Repetition,
Repetition Dr. Lillian
Glass, a body language
analyst for the FBI,
says liars often repeat
themselves. They're
trying to buy time -
and to convince
themselves as well as
you. Repeating a lie
actually works - the
more times we hear
something, the more

Although no one tip will work in every instance — as Wood put it, "body language just isn't as simple as some people would like it to be" — there are some consistent clues that indicate someone is lying. Here are 10 signs someone could be lying based solely on their body language. 1. A departure from their normal body language.
